

In the world's wealthiest nation, no child should grow up hungry. Over the course of a year, more than 16 million children in America cannot count on having enough nutritious food. That's one in five kids in America today who struggle with hunger. Share Our Strength®, a national nonprofit, is ending childhood hunger in America by connecting children with the nutritious food they need to lead healthy, active lives.

Through the No Kid Hungry® Campaign—a national effort to end childhood hunger in America —Share Our Strength is working with governors, mayors and state, community, faith and private sector leaders across the country to connect families at risk of hunger with the programs that can help them. Our focus is on long-term change, the difference between just feeding a child today and making sure that children in the United States never go hungry again.
